Gonzalez Applauds Ruling on Arizona's SB 1070,

Calls for Comprehensive Immigration Reform

Washington, DC – Today, Congressman Charles Gonzalez (TX – 20) released this statement after a federal judge blocked key provisions of Arizona's new immigration law from taking effect Thursday:

"Today's ruling recognizes that state-by-state immigration laws will only add more chaos and will not help solve the root of the issue. Immigration is not an Arizona issue only, but it's one that affects our entire nation and we must work for a comprehensive solution that works in the best interest of our country."
