

Washington, DC - Congressman Charles Gonzalez issued the following statement applauding the National Security Agency's selection of San Antonio as a site for a data storage facility.

"The National Security Agency's selection of San Antonio as a site to locate a data storage facility will have a tremendously positive impact on our local economy and community. This facility will diversify San Antonio's already robust economy and the resulting job growth signals continuing economic prosperity in San Antonio. I am pleased to see our city's economy continued progress as an industry leader in the fields of defense, national security and information technology," said Gonzalez.

"I am proud that San Antonio is doing its part in assuring that the NSA succeeds in its mission to promote our nation's security. I applaud the NSA's selection and welcome their increased presence in San Antonio," he added.
