

Gonzalez Statement on CHC Meeting with President Obama

Washington, DC – Congressman Charles Gonzalez (TX – 20) issued the following statement today after Congressional Hispanic Caucus leaders met with President Obama:

“During today’s meeting with the President, we discussed our deep disappointment over the failure of the DREAM Act and the lack of support from Congressional Republicans but how this will not deter our commitment to solving this critical issue. The rule of law remains a guiding principle as we continue to seek fairer and more effective immigration law reform that serves the best interests of our country.”

President Obama met at the White House today with members of the CHC, including Chairwoman Nydia Velazquez, Chairman-Elect Charles Gonzalez, Congressmen Luis Gutierrez and Xavier Becerra and Senator Robert Menendez.
